Question 3 (9 marks)

Cruisin Motorhomes is a business that specializes in creating motor homes using recycled buses and coaches. At present the business is operating from two separate premises – one where the motorhomes are designed and created and the other where the finished motorhomes are sold.

In 2023 the business is seeking to expand and improve their business operations following the increase in demand for mobile homes post COVID.

The business is seeking to obtain a Bank Loan for \$500 000 at 4% interest using their existing business assets as security with repayments of interest and principal over 10 years.

With this financing the owner is considering moving to larger premises in regional Victoria where the business can build, remodel, and sell their motorhomes from the one location. This option would also allow him to produce more motorhomes for resale.

In pursuing this option, the accountant prepared the following budgeted financial indicators for the owner's consideration.

	Budgeted 2023 Move to Larger Premises	Budgeted 2023 Remain at current premises
Working Capital Ratio	2:1	3:1
Return on owner's Investment	18%	10%
Net Profit Margin	20%	17%
Debt Ratio	65%	20%

- a. Explain the impact on the stability of the business if the owner was to move to the larger premises.

3 marks

- b. Using the financial indicators provided and one type of non-financial information discuss if the owner should proceed with the move to larger premises.
